

Zero Tolerance to Corruption and Mismanagement of Funds

The EEA and Norway Grants have a no-tolerance policy on corruption and/or mismanagement of funds. This is in line with good governance and the principles of openness, transparency and accountability.

In cases of suspected irregularity, corruption or mismanagement of funds, members of the public are encouraged to alert in the first instance, the Focal Point for Malta. Alternatively, one can notify the respective Ombudsman, the Internal Audit & Investigations Department (IAID) or the National Audit Office (NAO) locally, or the Financial Mechanism Office (FMO) or the audit and control institutions supervising the FMO - EFTA Board of Auditors (EFTA BoA), the Norwegian Office of the Auditor General (NAG). Contact details are produced hereunder.

The procedure to be adopted when reporting such cases is outlined in the [Good Governance and Anti-Corruption Policy and Guide](#).

The more detailed the report, the more contributory the claim would be.

Contact Details

Funds and Programmes Division

National Focal Point, Malta

Mr Raphael Scerri
Head, National Focal Point
