

INTERREG EUROPE PROGRAMME 2014-2020
Project part-financed by the European Union
European Regional Development Fund (ERDF)
Co-financing rate: 85% EU Funds; 15% National Funds

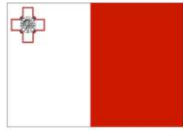

ENERSELVES

Policy instruments for energy self-consumption in buildings

Phase 1: 24 months 1 March 2017 - 28 February 2019
Phase 2: 24 months 1 March 2019 - 28 February 2021

Partnership: Extremadura Energy Agency (ES) – lead partner
MIEMA – Malta Intelligent Energy Management Agency (MT)
Energy Agency of Southeast Sweden (SE)
Marshal Office of Świętokrzyskie Region (PL)
Lazio Region (IT)
Autonomous Region of Sardinia (IT)
NorthEast Regional Development Agency (RO)

INTERREG EUROPE PROGRAMME 2014-2020
Project part-financed by the European Union
European Regional Development Fund (ERDF)
Co-financing rate: 85% EU Funds; 15% National Funds

Objectives:

- Promote new policies or improve existing ones to support, through the Structural Funds and other EC instruments, the integration of renewable energy in buildings for self-consumption;
- Design policies to promote only those renewable energies for self-consumption technologies with greater benefits in each region;
- Define clear KPIs (Key Performance Indicators) to identify the best investment by value;
- Show how European policies have an impact on society;
- Support the integration of RES in buildings.

Main outputs:

- Improving 7 operational programmes in 7 EU regions, involving 4 managing authorities and 3 key energy actors;
- Impacting € 13m of Structural Funds through the policy instruments;
- Increasing the professional capacity of 175 persons attending interregional events;
- Holding 38 policy learning events with stakeholders
- Identifying 110 good practices, to be collected in a Guide of Best Practices.

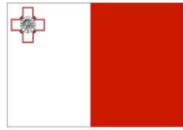

INTERREG EUROPE PROGRAMME 2014-2020
Project part-financed by the European Union
European Regional Development Fund (ERDF)
Co-financing rate: 85% EU Funds; 15% National Funds

Activities by MIEMA:

- Identified and invited stakeholders to participate in the interregional events;
- Held policy learning events for stakeholders in every semester;
- Selected 16 good practices for inclusion in the Guide of Best Practices;
- Drafting the national report on the integration of renewable energy in buildings for self-consumption;
- Organising the next interregional event and study visits in Malta;
- Disseminating information about the topic and the project to the public.

INTERREG EUROPE PROGRAMME 2014-2020
Project part-financed by the European Union
European Regional Development Fund (ERDF)
Co-financing rate: 85% EU Funds; 15% National Funds

Interregional event in Malta:

Energies - Energy Performance of Public Buildings

- 16 May:** Study visit to the Ministry for Gozo
Stakeholders' event at the Cittadella, Victoria (11:00)
- 17 May:** Study visit to the Parliament building
Public event at St James Cavalier, Valletta (10:30)
